

Kokilaben Dhirubhai Ambani Hospital

Kokilaben Dhirubhai Ambani Hospital is one of the most advanced tertiary care facilities in India. The hospital was built to raise India's global standing as a healthcare hub laying emphasis on excellence in clinical services, diagnostic facilities and research. Kokilaben Dhirubhai Ambani Hospital aims to offer comprehensive quality healthcare services through transparent patient-centric care keeping in mind patient's safety, privacy and dignity.

Since 2008, Kokilaben Ambani Hospital has been offering outstanding healthcare services to domestic as well as international patients. This state of the art hospital is spread over 17 floors and has more than 750 inpatient beds which include 180 ICU beds, the largest number of critical care beds in Mumbai plus 22 operating theatres. Most importantly, Kokilaben Dhirubhai Ambani Hospital has onboard the best doctors and surgeons across all clinical specialties. These world-acclaimed doctors are ably supported by well-trained and qualified nursing and technical professionals.

Further, Kokilaben Hospital is the only healthcare center in Mumbai with Full-Time Specialist System (FTSS). This ensures easy availability and access to specialists who are exclusively attached to Kokilaben Dhirubhai Ambani Hospital. This award-winning hospital offers world-class treatment for various specialties and is the centre of excellence for cancer (Oncology), neurosciences, cardiac sciences, bone & joint, robotic surgery, transplant (kidney, liver, heart, lung, bone marrow) and many more. Moreover, Kokilaben Ambani Hospital is the only hospital in Mumbai to be accredited by JCI, NABH, NABL and CAP. These accreditations are a benchmark for quality healthcare worldwide.
