

Shalby Multi-specialty Hospitals

Our first hospital, Vijay Shalby, was established by Shalby Orthopaedic Hospital and Research Centre, one of our Group Entities, in the year 1994. From the year 2004, the operations of Vijay Shalby have been undertaken by Shalby Limited is one of the leading multispeciality hospitals in Ahmedabad and India today, offering a healthcare spectrum all under one roof.

Shalby believes in making available affordable expert healthcare at the doorsteps with its Hospitals & Patient Outreach Clinics to various parts of INDIA, especially, the tier-II & tier III cities.

The rise of Shalby Limited into the orbit of the multispeciality hospital chain in India lies in the vision of its founder, Dr. Vikram Shah, CMD who has been credited by Ethicon India for his involvement in the development of the 'OS Needle'. Shalby enjoys the coveted fame of performing an aggregate of 84,579 Surgeries since 2007.

Shalby's Centres of excellence include:

Orthopedics, Joint Replacement, Arthroscopy, and Sports Medicine, Spine Management, Dental Cosmetics & Implantology, Cardiology, Oncology, Neurology, Nephrology & Urology, Liver and Kidney transplant, Casualty & Trauma, High-risk pregnancy management, Pediatrics & Neonatology, Cosmetics & Reconstruction surgeries, Anesthesiology and all minor specialties to mention a few.

In its journey and transition as a Multi-speciality Hospitals chain, Shalby has also extended its footprints across the country with over 62 Out-Patient Clinics and Patient Follow-up Centres and 6 OPDs in the African Continent – Kenya, Tanzania, and Uganda, which functions as its patient outreach clinics. Shalby with its credibility in "Total Patient Care" Entered into an agreement with Bait Al Batterjee Medical Company LLC, Dubai for providing its expertise in Healthcare, in the United Arab Emirates, as well.
